

Jamie & Trent

We are Trent and Jamie. We live in a small town in western Ohio with our two dogs. We have dreamed of having a family of our own since early on in our relationship, and while we didn't expect it to happen this way, we are beyond excited and know this is the path we were meant to be on. We love spending time with our nieces and nephews and watching the joy they bring to their parents. We would love to have the same joy in our life, loving and raising a child of our own. We have so much love to give, and while we are happy with our life with just the two of us, we know something is missing and would love to have our family grow.

Jamie is a compassionate, strong-willed, and outgoing person. She is the youngest of three and is very close with her family. She works as an administrative assistant for a feed mill around the corner from their home. She has been in the agricultural field for five years and has enjoyed learning about the industry. Keeping herself busy, she also works part time at a nearby restaurant. Jamie has a creative eye, and her hobbies include photography and interior design. She enjoys decorating their home for every holiday, especially Christmas. Jamie is also dedicated to getting up before work to workout at a local gym three to four days a week.

Trent attended college at Hocking College before beginning his career as a CNC programmer and operator. Trent works for an outdoor furniture store and has been there for eight and a half years now. Trent is an avid outdoorsman. He enjoys hunting, fishing, gardening, walking the dogs, or just sitting on the back patio. Trent plays in a basketball league in the winter and plays softball in the spring and summer. Woodworking is another hobby of his. He has made several custom pieces for people in the area as well as many pieces for our home.

We started dating in 2014 and were married in 2017. We both grew up living in a small town in western Ohio. We continue to live there now and couldn't imagine starting a family anywhere else. Something we both have in common is always wanting to spend time with family and friends. Together, we enjoy the outdoors, traveling and playing board games. During the summer months, we help each other in the garden, take our dogs on walks and enjoy sitting on our patio.
