

Tommy + Tinleigh

We are Tommy and Tinleigh. We have both always lived in central Ohio. We have two spoiled dogs, Champ and Rookie. We do not have any kids yet but are eagerly waiting for the boy or girl that will change our lives forever. We have been married for nine years but our journey started when we were just 16 years old as high school sweethearts. We always knew we wanted to be parents together and adoption is something that we have always wanted to be a part of. We both grew up with incredible families who gave us every opportunity to become what we are today, and we would want nothing more than to give that to children. We have waited and prayed for our family to one day grow where we will surround our son or daughter with more love than they can stand. The blessing of parenting is something we couldn't hold closer to our hearts, and when the day comes for us to start our new chapter with our child, is the day we start doing what we believe we were put on this earth to do. We thank you for considering us in what is one of the hardest things you will do in life.

Tinleigh : AS TOLD BY TOMMY

Tinleigh is the love of my life, and I am so lucky to have figured that out early in life. She is my angel, and I couldn't imagine life without her. She is compassionate and loving. I've been blessed to watch her turn from the all-athlete she was in school to the amazing well-rounded woman she is now. She has a Bachelor's Degree in Early Childhood Education which comes as no surprise to me, because she shines brighter than the sun whenever she is interacting with children. She has a deep love for The Ohio State Buckeyes and enjoys our season tickets in the fall. She loves to spend time with our dogs and using them as giant pillows. She's someone that takes advantage of living life to the fullest, and I can't wait to see how much she shines as a mother.

Tommy : AS TOLD BY TINLEIGH

I have watched Tommy grow from this goofy teenager into this strong, passionate, and caring man! He is my best friend, and I love every second that I get to be with him. He is passionate about helping people and works hard to make sure he is the best at everything he does. Not only does Tommy make me feel special everyday, but he is my biggest supporter with everything I do. He feels with all his heart, and he takes pride in being the protector of our family. He takes care of everyone around him and does everything he can to fix tough situations. He has always been a big kid at heart and a great uncle to our nephew. He loves to come visit with my students every year to read with them while also making sure to always humble my students at a race during recess. He has always been someone to count on in any situation, and I can't wait to experience parenthood with him.

our life together

We have known each other since we were 12 years old and have grown up together. We have experienced so much of our lives with one another. We love to go to Ohio State football games, play and watch golf together, spend time with our family, and go on walks with our dogs. We have both always been into sports and continue to be active on teams together, and watching and supporting each other. We have so much fun together whether we are out and about or spending time together at home.

Family

One of our biggest blessings with being together as long as we have is that our families have grown into one large family. Tommy grew up as an only child, while Tinleigh has three siblings, two brothers and a sister. Through our relationship, our separate families became one. Every holiday is celebrated all together with love and laughter shared all around. Birthdays, weekends, or just random weekdays are usually spent together. In our lives, there are no bigger cheerleaders than our family.

| OUR HOME | We live in a great community in central Ohio. We moved into our house in 2019 and couldn't be happier with where we are! We have three bedrooms, a great entertaining basement, and a large deck to enjoy our quiet backyard. Not only is there a number of fun parks in our area, but our neighborhood has two, with one of them being in our front yard! There is a community center that is only for our neighborhood that includes basketball and tennis courts and a pool.

our pups

We have two very spoiled pups, Champ and Rookie. Our boys have been such a big part of our lives since the day they both came into our family. We love to take them anywhere we can with us and oftentimes, our events are because of them. We have a great dog park in our community that we have loved taking them to, as well as walking trails around our parks. We also love a great night in, cuddled up on the couch. Both our dogs have great and silly personalities and love all people.

WE LOOK FORWARD TO CONNECTING WITH YOU

If you have any questions for us or would like to speak with us about adopting your child, please contact your case worker at Open Arms Adoptions by calling 330-697-4751 or 614-349-1510.
