

Jamie + Trent

We are Trent and Jamie. We live in a small town in western Ohio with our dog, Luna. We have dreamed of having a family of our own since early on in our relationship, and while we didn't expect it to happen this way, we are beyond excited and know this is the path we were meant to be on. We love spending time with our nieces and nephews and watching the joy they bring to their parents. We would love to have the same joy in our life, loving and raising a child of our own. We have so much love to give, and while we are happy with our life with just the two of us, we know something is missing and would love to have our family grow.

Jamie

Jamie is a compassionate, strong-willed, and outgoing person. She is the youngest of three and is very close with her family. She works in the office of an agricultural company just around the corner from their home. She has been in the agricultural field for seven years and has enjoyed learning about the industry. Jamie has a creative eye, and her hobbies include photography and interior design. Jamie is also dedicated to getting up before work to workout at a local gym.

our life together

As much as we are homebodies, we love to travel as well. We take yearly trips with both of our families from a cabin in the woods, to a house on a lake, and occasionally to the beach. The guys in Trent's family go to New York every year on a week long fishing trip. Jamie's family grew up going to Norris Lake, Tennessee, and it is still one of our favorite places. We love spending weekends visiting friends and family. It is always so fun to see their cities and try new foods.

We love food! Trent does most of the cooking in our house, but Jamie loves to try new recipes on the weekends. We live in a small town, but we have lots of great local restaurants in our area.

Trent has always loved the Harry Potter series and it has started to rub off on Jamie. We have Harry Potter movie marathons a few times a year. Our dog, Luna, is even named after a character.

We love watching football. On Saturdays, we watch the Buckeyes together. On Sundays, Trent watches the Bengals and Jamie watches the Browns. It is a fun battle of Ohio rivalry. It will be fun to see which team our future kids choose.

Trent

Trent attended college at Hocking College before beginning his career as a CNC programmer and operator. Trent works for an outdoor furniture store and has been there for 10 years now. Trent is an avid outdoorsman. He enjoys hunting, fishing, gardening, walking the dog, or just sitting on the back patio. He plays in a basketball league in the winter and plays softball in the spring and summer. Woodworking is another hobby. He has made several custom pieces for people in the area as well as many pieces for our home.

W

e started dating in 2014 and were married in 2017. We both grew up living in the same small town in western Ohio. We continue to live there now and couldn't imagine starting a family anywhere else. Something we both have in common is always wanting to spend time with family and friends. We have 11 nieces and nephews, and they can't wait to have another baby in the family to obsess over. Together, we enjoy the outdoors, traveling, watching movies, and playing board games. During the summer months, we work in the garden, can and freeze all the produce from it, take Luna on walks, and enjoy sitting on our patio or by the campfire.

Our home is very special to us. It was built by Trent's grandparents the year they were married and where his dad was born and raised. Trent had told his grandparents since he was 12 years old that he wanted to buy their house someday. We were able to purchase it from them in 2019 when they were ready to downsize. Since buying it, we have done many DIY projects to make it our own including all new paint, removing some kitchen cabinets, painting the exterior brick, and updating the siding. The biggest project was Trent, Jamie's dad, and one of Trent's best friends poured all new concrete on our driveway, front porch, and back patio. We have many other projects we want to tackle in the future, but it has been so much fun to see the new life of this house.

Thank you for considering us to be parents to your child. We hope you were able to get a glimpse into our life and who we are. We have been blessed and guided by God in the decision to adopt and know that this is the path He has chosen. We promise to raise your child in a Christian home full of love, laughter, happiness, and many adventures.

Luna

Luna is our 3 year old labrador/collie mix. She loves to sleep all day long, run around with our backyard chickens, and play with her rope. She loves to go to the pond to swim. Our nieces and nephews are all obsessed with her. She is so good with kids.

WE LOOK FORWARD TO CONNECTING WITH YOU

If you have any questions for us or would like to speak with us about adopting your child, please contact your case worker at Open Arms Adoptions by calling 330-697-4751 or 614-349-1510.
