

Reece & Kayla

Hello!

Thank you for taking
the time to get to
know us!

We are Reece and Kayla! We met in 2012 while working at Walsh University and have been married since June 2016. We live in northeast Ohio with our two energetic and playful pups, Flash and Oreo. Family is a big priority in our lives and we love that most of our family lives close by. At least once a year we take extended weekends away with each side of the immediate family and play games, laugh, eat too much, and make tons of memories. We also love having family game nights. We take Uno very seriously!

Our adoption journey:

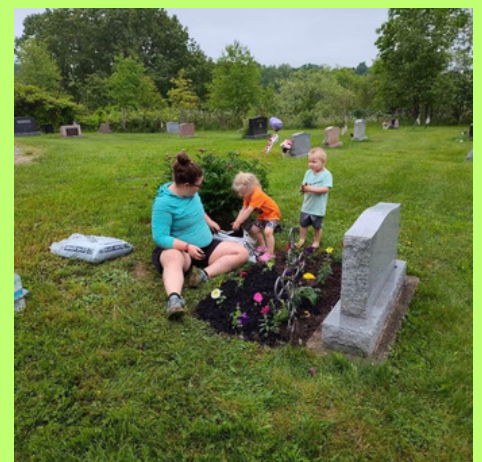

We always knew we wanted to expand our nest. Since we cannot have biological children of our own, we knew adoption was the path we wanted to take. Our families are our biggest supporters and are so excited to be a part of our journey.

About Us

Reece is a supervisor at a corrugated manufacturing facility. In short, he helps make boxes! In his free time, he likes reading, playing/listening to music, and playing video games. He also likes to spend time outside in the summer fishing. Kayla is a stay at home wife who dabbles in direct sales. She spends most of her time taking care of the house. In the summer that includes helping in the big garden at her parents house, and in the fall preserving the harvest. In her free time she likes to read, and try out new sourdough recipes. She is so looking forward to being a stay at home mom.

As a couple we enjoy going on walks during the summer as well as going to Rubber Ducks baseball games. When the weather isn't great we like to go to the movies, or stay home and do puzzles or crafts.

Thank You!

We cannot imagine how difficult this decision must be as a birth parent, but thank you for taking the time to learn a little bit about us and our family. We are full of unending love and compassion and cannot wait to share that. We are open to as much communication as you are comfortable with, and your child will know of their adoption from day one. Our wish is to surround you and your child with as much love and support that we can offer through this journey.

WE LOOK FORWARD TO CONNECTING WITH YOU
