

Adam
and
Amy

Hello,

WE ARE ADAM + AMY

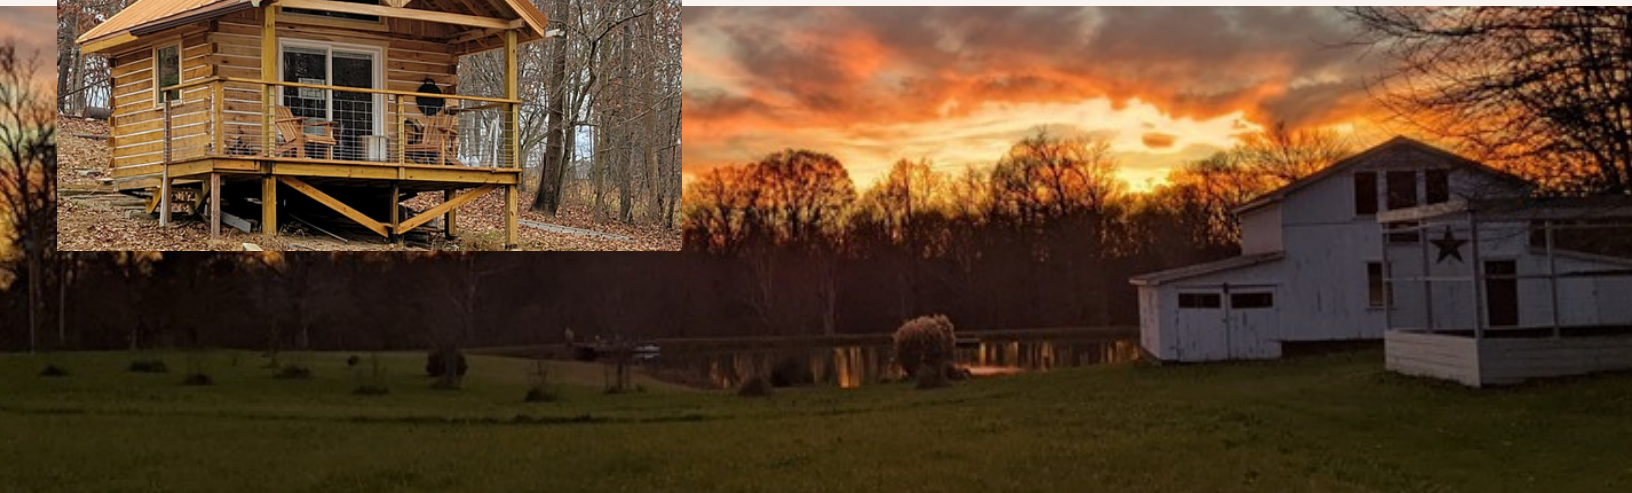

We live in a small community in Southern Ohio and have been married for ten years. Adam is a financial analyst and works from home and Amy is a general dentist. While the beginning of our marriage was about settling into our careers and remodeling our home, we are now excited to welcome a child through adoption. We both have family who have been adopted or have adopted children into their lives. Their wonderful experiences have served as inspiration to share in the beauty of adoption.

We are both blessed to have amazing, supportive parents and siblings and to be from big extended families. Amy has a younger brother and Adam has a younger sister and brother. Spending time with our families are moments that we cherish now and in the future. We look forward to raising a child with lots of land to run and play, laugh and be silly, be creative and dream and be surrounded by abundant love.

TOGETHER, WE LOVE . . .

- Being outside: whether it be hiking, riding bicycles, sitting by a campfire, taking walks with "Lily" our doodle, or hanging out at our cabin in the woods.
- Cooking and gardening. We have a vegetable garden where we grow fresh veggies for yummy home cooked meals. Hosting an annual July 4th
- celebration at our home for over 80 family members each year, filled with fireworks, sparklers, yard games, and great food.

HOME SWEET HOME

- We live in Amy's grandparent's farmhouse that her grandpa built in 1950
- It took us ten years to renovate the house from top to bottom
- We have lots of land in our backyard including a pond to swim, to fish for bluegills, and to ride the paddleboat
- Our home is across the pasture from Amy's parents and walking distance to Amy's brother and aunts and uncles
- We have beautiful sunsets year-round and summer evenings filled with fireflies & star gazing while winter brings cozy nights by a wood fireplace
- We also go camping several times a year to unplug & relax with Adam's family
