# ABOUT US

*Tessa + Anthony*

We are Tessa & Anthony.

We met at Kent State University in 2013 where we both attended college. We have been married for 3 years and together for 11 years. Throughout our relationship, we have built a strong foundation of love, respect, and stability. We both come from supportive families and are fortunate to have a network of friends who are eager to welcome a new addition to our family. We have a comfortable home in the country with our 3 dogs and 4 cats. In our spare time we enjoy concerts, comedy shows, traveling, but most of all just spending time at home with our animals. We understand that adoption is a profound responsibility and are fully prepared to provide a nurturing and loving environment for a child.

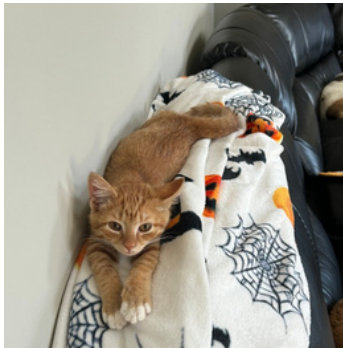

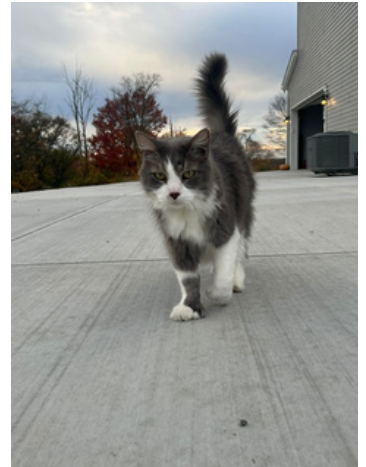

## TESSA

Tessa is from a small town in Northwestern Pennsylvania. She is the youngest of 7 and with that comes many nieces and nephews. She is a manager at a Crisis Stabilization Unit that provides care for clients with mental health & substance use disorders. Tessa's passions include gardening, animals, & spending time with family.

## ANTHONY

Anthony grew up in the suburbs of eastern Ohio. He has been working in the steel industry for 10 years. Coming from a small town and a blue collar family, Anthony holds nothing closer to his heart than his family and loved ones. Anthony enjoys sports and outdoor activities and he'd love to share his knowledge and experience with his future children to create lasting memories like he had as a child.

#### OUR LETTER TO YOU.

We have the utmost respect and admiration for your courageous decision. We understand that considering adoption is a deeply personal and emotional process, and we want you to know that we approach this journey with an immense amount of compassion, empathy, and understanding. We have dreamed of becoming parents for years, and while our journey has had its challenges, we always held onto the hope that one day we would have the opportunity to welcome a child into our loving home. Our hearts are full of love, and we are eager to provide a nurturing, stable, and supportive environment for a child. As you consider your options, please know that we are committed to creating an open honest relationship with you, should you choose us as adoptive parents. We believe that a child should grow up knowing their story and the love that surrounds them from all sides. We understand the weight of your decision and are here to support you in any way we can. Thank you for considering us as potential parents for your precious baby.
