

JOSH *and* ANDREA

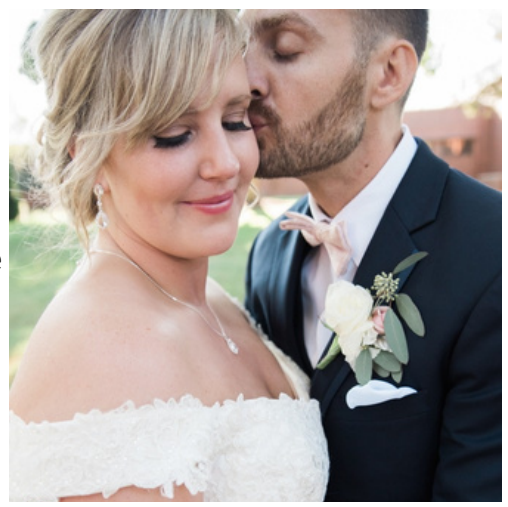

Our Story

Hello! We're Josh and Andrea, and we are so grateful for the opportunity to introduce ourselves. First and foremost, we want to honor the incredible love and strength you have for your child. We deeply admire your courage and are thankful for the chance to share our lives and the family we hope to build.

After facing infertility, we found ourselves asking not just how we would become parents, but why we wanted to. That soul-searching led us to foster care and we've never looked back. Over the past several years, we've had the incredible privilege of opening our home and hearts to children in need. Each child who has come into our lives has made a lasting impact. We've laughed with them, cried with them, cheered them on, and loved them deeply.

Fostering has taught us so much about patience, compassion, flexibility, and most of all, the power of unconditional love. While we've embraced the temporary nature of foster care, our hearts have longed for the chance to build a lifelong bond with a child.

That's why we're here, pursuing adoption. We're ready and excited to welcome a child into our lives with open arms and a forever commitment. We're also open to an ongoing relationship with you, in whatever form you feel comfortable; whether that's through letters, photos, or visits. We believe it's important for your child to grow up knowing their full story and how deeply they were loved from the very start.

About Us

We met while working together at a local pizza shop, where we were instantly drawn to each other. Since then we have been together for 14 years and married for 7. Our relationship is rooted in trust and a deep commitment to one another. Over the years, we've grown together, supported each other through life's challenges, shared tons of laughter and joyful moments.

We live in a welcoming town in Northeast Ohio that's known for its eclectic charm and sense of community. It's a diverse mix of people, with lots of local events, unique shops, parks and places to explore as a family.

We love our home and have made it a cozy, welcoming space. One of our favorite parts is our fenced-in, wooded backyard. We have a wonderful playset, perfect for swinging, sliding, and letting imaginations run wild. It's a space where we envision lots of joyful afternoons, laughter, and outdoor adventures with a child.

Our home is full of love and that includes our furry family members! We have a sweet, playful dog named Daisy who loves to snuggle and loves to play ball! We also have three cats (Cali, Guido & Little) who are gentle, curious, and great with kids. Our fur babies bring so much love, fun and comfort to our hearts and home.

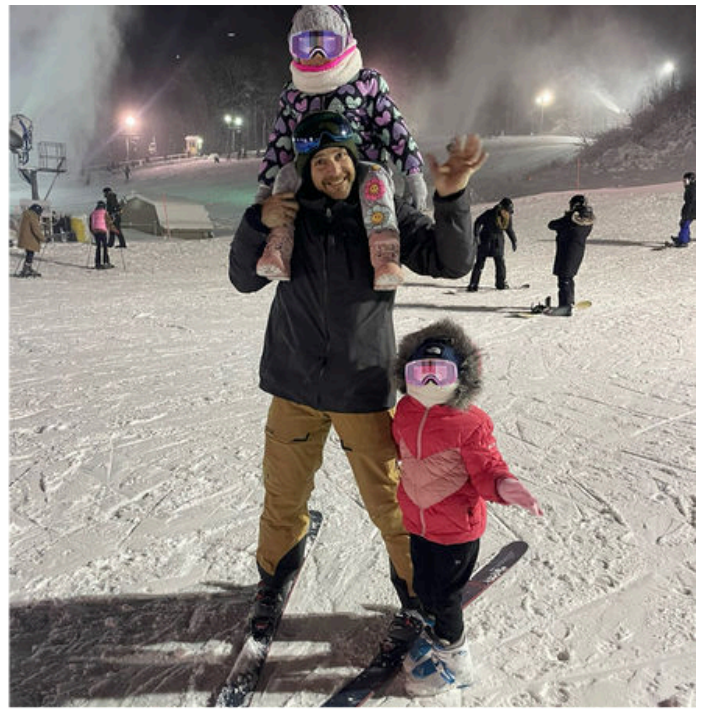

Family means so much to us! We're lucky to have our parents and close-knit extended family nearby. Our family is very loving/supportive and can't wait to welcome a child with open arms. Our future child will be surrounded by love and a strong sense of belonging.
