

Micah & Tammi

Hey There!

First, Thank you for taking the time to learn more about us. As excited as we are to add to our family through adoption, we can never fully understand how difficult this decision is for you. We would like to support you in any way we can, including a relationship with you that is as open to however much communication you are comfortable with. Our promise is to care for your child with endless amounts of love, gentle guidance, and understanding while bringing them up in a way that honors you.

About Us:

Micah was born in a small town in northwest Ohio, and Tammi in a suburb of Philadelphia, Pennsylvania. After traveling clear across the US we met each other... as next door neighbors in California. We became best friends and after a few years of dating made the easy decision to move back east to be closer to family, and get married.

Ten years later and we both really enjoy small town living with a more natural, laid back way of enjoying life; and travel whenever we can. We have two children and we are all hoping to grow our family through adoption. Our kids especially can not wait to have another sibling to grow up with. We share incredible love and laughter with each other daily and are looking forward to sharing this with a new addition to our family.

Micah

Tammi

An introvert when you first meet him, but full of love and laughter. He's always quick with a dad joke or to help with homework or household chores. He looks very serious from the outside (and he might tell you he's very serious, in a deep voice with a side grin), but he's really just a big teddy bear.

Micah works full time as a manager with a local utility company. His job is close by and they offer excellent time off so he can join in on day trips to the zoo or a local museum.

In his downtime he likes to tend to our pet rabbits that live out back, or get us all together for a bike ride, or just sit outside and enjoy the crisp night air. If the kids are playing basketball when he gets home it's usually game on and he may not come in right away for dinner.

After a long career as an assistant prop master in tv and film, she put her job aside to become a full time, stay at home mom. She is warm and caring and homeschool's our two children. You will usually find her playing board games with the kids or trying out a new dinner idea. She loves to cook and loves to make sure everyone is well taken care of in the home.

She is very creative and is always willing to help out at the local co-op the kids attend, with teaching cooking classes or helping out in the theatre department.

In her downtime she loves to go on bike rides around town or find a good place by a river to explore. Once the weather gets too cold you can usually find her inside working on a puzzle or watching a movie with the kids eating homemade popcorn.

Cora

Voted best laugh by many friends and family. She always has a smile on her face and is ready and willing to learn anything new. She is very good with taking direction and loves children. You can always find her reading a book, practicing softball, or playing with her brother. Her favorite game right now is Monopoly, but that could change tomorrow!

Holden

Shy, but loves to cuddle. He loves anything gross or that is slimy or cool. He would probably eat pizza every day if he could. He is very inquisitive about everything and will probably be an engineer one day. He likes to play basketball but loves to play (mini) golf. His favorite thing to do in his downtime is build with legos, battle bots, or read a good comic book.

Home

Our quaint, one story home lies on half an acre, just one mile from downtown. We live here with our cat Lucas and several pet rabbits (that we use for 4H) which means baby bunnies every year! Behind our small animal barn is a large back yard with tree swings, a homemade sandbox, and two small fruit and vegetable gardens. We love that our town has several parks close by and hosts festivals, farmers markets, and lots of walking trails.

Before you go!

Thank you for taking the time to get to know us a little better. Our commitment to you is to provide a home that is safe, warm, respectful, fun, and full of laughter. Most importantly we want to do all of this in a way that honors you. While no one can be fully prepared for what lies ahead, we are ready to grow our family, and hope that you too can become part of that story

WE LOOK FORWARD TO CONNECTING WITH YOU

If you have any questions for us or would like to speak with us about adopting your child, please contact your case worker at Open Arms Adoptions by calling 330-697-4751 or 614-349-1510.
