

TRENT, JAMIE *and* LENNON

# About Us

We are Trent, Jamie, Lennon and Luna. We live in a small rural town in Ohio. Trent and I have been together for 12 years and married for 8 years. Lennon is 1 year old, born just days before Christmas in 2024.

She has been our greatest gift. We are very thankful for her birthparents for giving the opportunity to start our family. Luna is our 5 year old Collie/Lab mix. She is giant but gentle. She loves to lay around the house, swim at Jamie's parents pond, and taking walks.

We love spending time with our families and talk to them daily. Both of our parents live within minutes of us. Trent has 3 siblings and Jamie has 2. Lennon has 12 cousins total, 11 of them being older than her. They all adore her and give her so much attention. We now have to remind the girls that she knows how to walk on her own!

We enjoy watching sports, especially football. We also love to be outside, whether we are sitting on our patio, tending to our garden or backyard chickens, or taking walks with Lennon and Luna. We are homebodies but also very social. We love to host our families and friends, especially in the warm months when we can be outside.

Trent and Jamie have always loved to travel. We love anything from a cabin in the woods to a house on the beach. Trent's family has an annual fishing trip to New York that they have been doing for over 30 years.

Jamie grew up going to Norris Lake, Tennessee almost every year.

# Trent

Trent has been working as a CNC Machinist at a small, family-owned company for over 12 years. He doesn't work on Friday so he spends the day with Lennon. He is an avid outdoorsmen. He enjoys hunting, fishing, gardening, walking in nature or just spending time on the patio. He loves to play in a mens softball league on Friday nights during the summer. Woodworking has become a hobby for him. He has made several custom pieces for our home.

# Jamie

Jamie has worked in agriculture for 9 years. She is currently working for a Co-op in the cattle feed industry. She enjoys getting to know her customers and learning more about the industry. She has a creative eye with photography and interior design. She loves to style her home for each season, especially Christmas. Although Trent does most of the cooking throughout the week, Jamie enjoys trying new recipes and meal prepping on the weekends. She loves music from The Beatles, Def Leppard, Lauren Daigle, Morgan Wallen and anything in between.

TRENT

Becoming a dad has been such a blessing. Outside of getting married it has been one of the best things in my life. Watching Lennon grow and learn everyday is so rewarding. I love the one on one bonding time we get on Fridays. I would be overjoyed to add another blessing to our family as I know, Jamie, Lennon and myself have so much more love to give.

JAMIE

I have absolutely loved becoming a mother in the past year and a half. It has been very fulfilling as well as having its challenges. It has made me a better, more patient, loving and passionate person. I have really learned to slow down and enjoy the little moments. I can't wait to continue to grow our family!
