

# Justin + June

# Hi,

We're Justin and June! Thank you for considering us and for the love you are showing your child through this process. We can only imagine the strength and love it takes to consider adoption, and we want you to know that we see your courage and honor it.

A little about us - we met in 2015, and from the very beginning, our relationship was built on laughter, shared values, and a love for simple joys. Our very first date was at the county fair watching the tractor pulls. It might not sound glamorous, but for us, it was perfect. We spent the evening talking, laughing, and realizing how natural it felt to be together. That night set the tone for everything that followed. We were married in October 2018, surrounded by family, friends, and the feeling that we were stepping into a life we had both dreamed of.

In December 2022, we were blessed with our son, Jared. He was born with a congenital heart defect, but he lived every day with a joy that radiated from him. He was a happy, bright, loving little boy who brought so much light into our lives and into the lives of everyone who met him. In July 2024, we lost him far too soon. There are no words that fully capture that heartbreak, but there is also no way to measure the love he gave us.

Jared continues to be a part of our lives every single day. We feel strongly that he has guided us toward adoption, opening our hearts to the possibility of growing our family in a new and beautiful way. Our dream has always been to have a large family—one filled with unconditional love, shared traditions, and a home where every child feels safe, supported, and cherished.

A little bit about me: I am a Director of Safety for a large commercial construction company, whom builds schools throughout Ohio. I enjoy the outdoors and time spent with family and freinds. I'm very excited to have kids to share my passions with.

Some of my favorite things:

Color - Yellow

Holiday - Christmas

Music - Country

Food - Steak

Season - Fall

Children's Book - Goodnight Goodnight Construction Site

A little bit about me: I am an accountant and I have the privilege of working from home full time. I love coffee and trips to Target. OSU and the Pittsburgh Steelers are my favorite football teams to cheer on. I have always pictured a home full of children, laughter, and love.

Some of my favorite things:

Color - Red

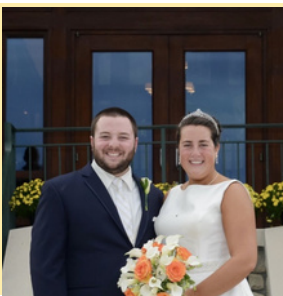

Holiday - Christmas

Music - Country

Food - Pierogies

Season - Fall

Children's Book - Llama Llama Red Pajama

Our home is also filled with the energy and affection of our two chocolate labs, Jack and Jim.

- Jack, who is 7, is our gentle protector. He's a big teddy bear with an even bigger heart. He is very spoiled, loves to be close to us, and one of his favorite hobbies is chasing the vacuum cleaner around the house like it's his personal mission.
- Jimmy, who is 4, is the most affectionate dog you'll ever meet. He loves cuddles, attention, and being included in absolutely everything. He's also very spoiled and has a fear of being left out. His favorite thing to do is run around the yard like a wild one, burning off energy and making us laugh.

They are both wonderful with children, gentle, loyal, and always ready to offer comfort or entertainment.

## Thanks

Adoption is not just a path we've chosen—it's a calling we feel deeply in our hearts. We know what it means to love a child with our whole selves. We know what it means to cherish every moment, big and small. And we know what it means to create a home where a child is celebrated for exactly who they are.

We approach this journey with humility, gratitude, and a profound respect for you. We understand that adoption begins with your love and your hopes for your child's future. If chosen, we promise to honor that love every day by providing a life filled with safety, joy, opportunity, and unwavering support.

## /Home/

We live in a cozy ranch-style home with plenty of bedrooms and lots of natural light. It's the kind of place that feels warm the moment you walk in. Our home sits in a peaceful country setting, giving us a big front and back yard for playing and enjoying the outdoors. Even though we're surrounded by quiet and open space, we're still close to stores, parks, and activities, which gives us the best of both worlds. We imagine children running through the yard, helping bake cookies in the kitchen, building forts in the living room, and growing up in a home filled with love, stability, and laughter.
